

## ENVIRONMENTAL POLICY STATEMENT

Ischebeck Titan Limited and its subsidiaries, recognises that it has a responsibility to protect the environment through the use of processes, practices, materials or products that avoid, reduce or control environmental damage.

The Company shall:

- Fully comply with all compliance obligations, environmental legislation, regulations and codes of practice
- Identify significant impacts to the environment from its activities and take appropriate actions to reduce them
- Minimise its impact on the environment through the efficient use of energy and raw materials and by minimising waste through re-use and recycling
- Minimise emissions to air, land and water
- Ensure that all its employees are aware of its Environmental Policy and are committed to complying with it
- Encourage its suppliers to adopt sound environmental practices
- Regularly audit and review its activities and continually strive to improve its environmental performance
- Operate a "good neighbour" policy and foster openness and dialogue with local organisations to ensure an active response to their concerns

This policy will be formally reviewed at least annually through Management Review Meetings attended by the Managing Director or his nominated representative, to ensure it remains effective, is adequately communicated and meets the business needs of the Company.
